Ideas Competition - Call for applications

The "INSPIRATION" ideas competition is asking you, the citizens of Albania, Bosnia and Herzegovina, Croatia, the former Yugoslav Republic of Macedonia, Montenegro, Serbia and Kosovo*, for concepts of mash-up applications based on INSPIRE or your national Spatial Data Infrastructures. The aim of this competition is to raise awareness for Spatial Data Infrastructure in the region, by directly engaging interested citizens and their ideas for spatial applications. Your concepts should close the gap between services provided by governmental institutions and actual needs and interests of citizens and society.

Please send your idea for a mash up application in the form of an electronic document via email to ideas-competition@inspiration-westernbalkans.eu until 31st of January 2013.
